

## SBS VIRACOAT *Antimicrobial Coating*

### **The SBS VIRACOAT Antimicrobial Nano Ceramic Technology Products are the Best Solution for Your Commercial and Industrial Applications.**

Improved material performance and peace of mind, plus a persuasive added-value with SBS VIRACOAT antimicrobial embedded Nano Ceramic products. The SBS VIRACOAT antimicrobial Nano Ceramic products become a permanent line of protection on all types of metal, glass, wood, textile, plastic polymer and acrylic goods used in the production of a wide range of industrial and commercial end uses.

It permanently protects materials used in:

- public transportation and buildings.
- construction materials and ventilation systems
- storage and water tanks.
- protective gear and non-wovens.
- flooring and other surfaces.
- agricultural membranes and geotextiles.
- sports and outdoor equipment.
- shopping carts, handicap powered shopping carts, wheelchairs.
- NASA, aerospace, military equipment and mobile equipment.

#### **Clean Fact:**

A study found rhino viruses (causes of the common cold) on 63% of gym equipment. Even worse, the study confirmed that disinfecting the equipment twice a day didn't do anything to lower the virus count.
